

Final (comparative) report and other remaining tasks – next steps

dr Jan Czarzasty

Florence, 15-16 June 2023

Co-funded by
the European Union

Project 101051759

*Initiating activities to implement the European Social Partners Framework
Agreement on Digitalisation (EFAD)*
co-funded by the European Union

Where are we going from now on?

- by the end of September 2023 - 1st national workshops;
- by the end of December 2023 – 2nd national workshops;
- by the end of February 2024 – the NAPs delivered;
- by the end of April 2024 - final (comparative) report closed (first draft), feedback collected;
- by the end of May 2024 - final (comparative) report closed.

Tentative structure of the comparative report

1. Introduction (about the project)
2. Empirical-theoretical context: digital transformation of the economy at the beginning of the 21st century and its socio-economic consequences, global dimension
3. Twin transition in the EU - the context of digitization changes
4. Demographic change in the EU - the context of digitization changes
5. Policy responses to the processes of digitization of the economy (and related processes, i.e. robotization, automation), genesis of the Framework Agreement of European Social Partners on Digitization
6. Description of legal solutions in partner countries on the rules of use of digital tools in the workplace, the rules of connection and disconnection (organization and workload)
7. Analysis of National Action Plans on the right to disconnect (R2D)
8. Recommendations for appropriate data management and use
9. Recommendations on changes in OSH regulations resulting from the introduction of robotization, digitization and artificial intelligence in the workplace
10. Recommendations on the principles of supervision in the workplace
11. Review of good practices (case studies)
12. Practical tips for union leaders and other company-level stakeholders
13. Summary and conclusions
14. Bibliography
15. Appendices (TBC)
